

# LP600-15T™ Scales

Portable Truck Weighing Solution for Overload Enforcement

## ***Fast, Reliable and Cost-Effective Solution to Protect Roadways and Concentrate Enforcement Almost Anywhere.***

To protect roads from overload damage and safety hazards, portable scales allow enforcement capabilities to go to locations not served by permanent weigh stations. Providing a weighing capacity of 30 tons per axle, this system is designed for weighing heavy vehicles on unimproved surfaces. The LP600-15T™ system weighs axle-by-axle in static mode, using just two scales, while extension levelers keep axle groups on a level plane, providing  $\pm 1\%$  accuracy.

The scales and CPU communicate via Intercomp's RFX™ Wireless Weighing Technology and are powered by commercially available batteries for up to 200 hours. Systems consist of two 15 ton capacity scales and two pairs of roll-up ramps with levelers. Systems can be transported in the trunk of a vehicle and set up by 1 or 2 people in under fifteen minutes.

advanced weighing technology . . . by any measure

# LP600-15T™ Scales

## Fully Integrated RFX™ Wireless Weighing Technology

- Capacity of 30 Tons Per Axle
- Static Accuracy Meets NTEP/OIML Requirements
- Wireless & Wired Indicator Options
- Low-Profile Platform Height of Just 1.7" (43mm)
- Levelers Roll Up for Easy Transport
- Scales Operate on AA Size Alkaline Batteries up to 250 Hours

SCALE SIZE	WEIGHT
22" x 15" x 1.7" (559 x 381 x 43mm)	50lb (25kg)
30" x 15" x 1.7" (762 x 381 x 43mm)	60lb (29kg)

## Compatible with These Intercomp Devices

### Wireless Handheld Weighing Indicator

Easily process weight related data for monitoring and controlling loads in a compact, handheld device.

### PT20™ CPU

Provides the ability to process weight related data and is self-enclosed in a rugged, all-weather case for use in even the most remote locations.

### IntercompWeigh™ Software

Manage any weighing process, view scale data, customize layouts and generate reports in one, easy-to-use program.

(PC Not Included)

### iVehicleWeigh™ Scale App

Input weight data into an iPhone®, iPod® or iPad® to save and email information easily and conveniently. Available for download **FREE** from iTunes®.

### S400™ Display & Wireless Printer

Offers wireless communication with scales via RS232 or Ethernet Connection through the RFX™ Data Converter.
