

# **CW500™ Cargo Scales**

*Low-Profile, Rugged & Semi-Portable*

## ***Weigh Pallets and Vehicles in ONE, Easy-to-Assemble, Deck.***

No longer do you need both pallet and truck scales when this scale can do it all! Above or below ground installation, indoor or outdoor use and all the necessary functions for this cost effective alternative to traditional weighing methods make this scale an excellent choice for your material handling applications.

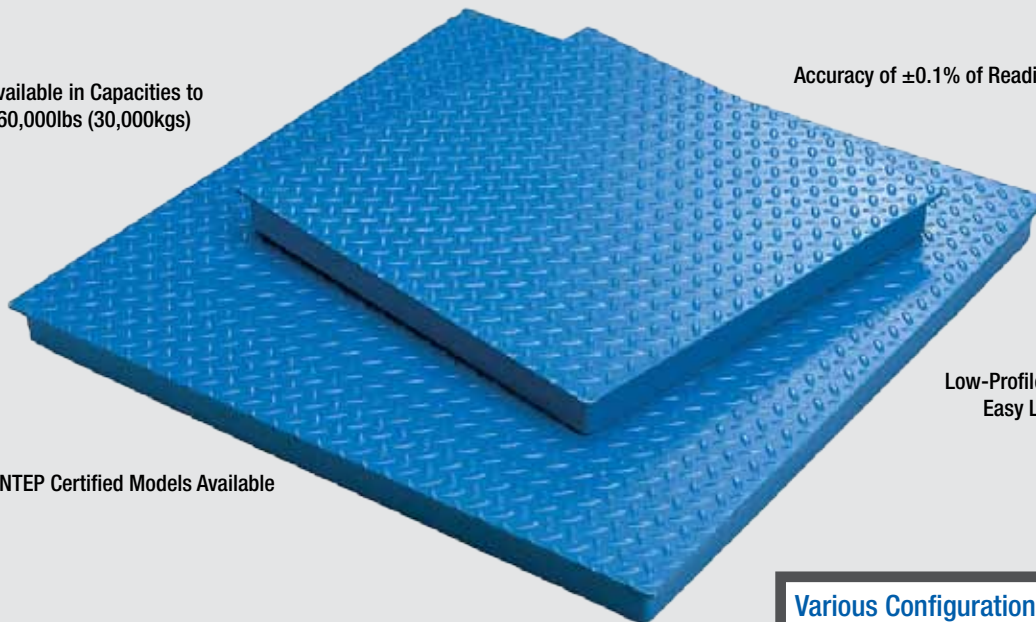

The low-profile height and optional ramps make this scale easily approachable and it's rugged design ensures the scale will hold up for the most abusive applications. Whether you need to weigh a box, over-sized pallet, or custom pieces, this scale offers the most diverse solution.
