FOR IMMEDIATE RELEASE

New and Improved Intercomp CS1500™ LED Crane Scale

Minneapolis, MN – Intercomp announces the launch of their new and improved CS1500™ LED Crane Scale! This popular American-made scale now boasts a new set of features reinforcing its position as the go-to choice for many industrial applications. With capacities ranging from 500lbs (250kg) to 20,000lbs (10,000kg), this NTEP certified scale now comes standard with an enlarged 1.5" five digit LED display and Intercomp's RFX™ Wireless Weighing Technology for viewing and recording weights remotely.

Along with making the display larger, battery life has also improved; increasing to an impressive 500 hours of continuous use and 9000 hours in standby mode. This new, LED display features an adjustable brightness setting to achieve optimal visibility; it is even bright enough for use in outdoor applications. The CS1500™ is also available with a LCD display, and can communicate with a number of load indicators, printers, apps, software, and other devices wirelessly.

Intercomp Company is an ISO 9001:2008 registered weighing and measurement solutions manufacturer based out of Minneapolis, Minnesota with offices in the United States and the United Kingdom, proudly serving the Industrial, Racing, ITS/Enforcement, Aviation, Military, Agriculture, and Mining and Aggregate industries worldwide.

For product or sales inquiries, contact Intercomp's Sales Department toll free at 800-328-3336 or Worldwide +1 763-476-2531, Fax +1 763-476-2613 or write Intercomp, 3839 County Road 116, Medina, MN 55340-9342.
