FOR IMMEDIATE RELEASE

MRO HAECO Americas Chooses Intercomp Aircraft Platform Scales

Minneapolis, MN –Intercomp is pleased to announce the order of AC60-LP platform scale systems for multiple HAECO Americas MRO locations. The MRO evaluated other scale systems, and selected Intercomp’s latest low-profile aircraft scales because of the high quality of scales and accessories, solid-state technology, and ease of use. The fully electronic, certified intrinsically safe [AC60-LP low profile platform scales](#) provide unequalled accuracy and repeatability required for weight & balance operations.

Operating as part of the HAECO Group, [HAECO Americas](#) provides airframe and engine services, and cabin refurbishment services at multiple locations in the United States. HAECO has used top-of-jack methodology in the past for weighing operations, and the rapid deployment and weighing capabilities of the AC60-LP aircraft platform scales offer the MRO benefits with efficiency and less time for the weighing procedure.

As the manufacturer of aircraft scales and load cell equipment most widely used by airlines, MROs, and airframe manufacturers in the world, Intercomp continues to provide state-of-the-art, fully electronic aircraft weight and balance equipment unmatched in quality, performance, and support.

For further information, contact Intercomp’s Sales Department at 800-328-3336 or worldwide 763-476-2531, fax 763-476-2613 or write Intercomp, 3839 County Road 116, Medina, MN 55340-9342.
